

# **DIRECT PRINT AND SCAN** ← → **FOR MOBILE**

**Send Print Jobs  
from Mobile Device  
to Canon MFP**

**Send Scan Jobs  
from Canon MFP  
to Mobile Device**

## **System Requirements:**

**Direct Network Connection between the MFP and Mobile device via VPN or Wi-Fi**

**Canon imageRUNNER ADVANCE MFP or Canon imageRUNNER 3200 Series MFP with a PostScript Printing Kit or Direct Print Kit and Additional Memory Type B**

**Apple iPhone or iPad running iOS 4.3 or higher (Must have a camera)**

**OR**

**Blackberry Smartphone running OS5/6**

## **How it Works:**

**AlphaCopy Systems installs the Direct Print and Scan Application onto your imageRUNNER ADVANCE MFP.**

**Download the free App onto your Apple or Blackberry device. from the App Store.**

**By scanning the QR code on the imageRUNNER from the app on your device, it automatically sets it up on your phone or tablet. Now you're ready to print and scan! It's that easy.**
